

LASIK - Laser Vision Correction

As one of the leading LASIK and refractive surgeons in the area, Dr. Harmon Stein has successfully performed over 10,000 laser vision procedures to treat nearsightedness, farsightedness and astigmatism, allowing patients to live without the hassle of glasses and contact lenses!

At Total Eye Care, we carefully examine each patient to determine if you are a candidate for laser vision correction. Dr. Stein will review your best option for refractive surgery, including the benefits and differences between Custom WAVEfront LASIK and Bladeless LASIK technology. He also specializes in PRK and the Visian ICL procedures.

Many prominent public figures in the area have entrusted their eyes to Dr. Stein, including former Philadelphia Phillie and current ESPN analyst John Kruk, and Philadelphia Eagles star Trent Cole.

Board-Certified Ophthalmologists

Harmon C. Stein, MD has been practicing comprehensive ophthalmology for more than 25 years. He is at the forefront of refractive surgery and his expertise includes LASIK, PRK, cataracts, glaucoma and diabetic eye disease.

Judith B. Lavrich, MD has been practicing pediatric ophthalmology, adult strabismus, and cosmetic plastic surgery of the eye and lids for over 20 years. She is fellowship-trained and teaches at Wills Eye Hospital and Thomas Jefferson University Hospital.

Vincent F. Sardi, MD, FACS is a fellowship-trained retina specialist with over 20 years of experience in the diagnosis and treatment of vitreoretinal disease.

Meet the Doctors

Fully-Licensed Optometrists

Christine R. Nicholson, OD specializes in routine eye exams for adults and children. Her expertise includes vision therapy for strabismus and focusing abnormalities, and co-management of LASIK patients.

Raymond M. Cianni, OD specializes in routine ocular health exams for children and adults, co-manages our LASIK patients, and fits patients with contact lenses.

Louisa C. Gaiter Johnson, OD is the contact lens specialist at Total Eye Care, where she fits and evaluates all types of contact lenses, including specialized and difficult fits, and blackout contact lenses for pediatric patients with amblyopia. She also specializes in routine eye exams and co-management of our LASIK patients.

We Are Total Eye Care

Total Eye Care & Cosmetic Laser Centers provides comprehensive ocular care for patients of all ages - from infants to seniors. Our physicians are committed to providing patients with the highest quality eye care, whether it be for a routine eye exam or cataract surgery.
